

New JT 8600 and LF 8600 series

Digital films for promotional applications

Standout prints for the creative you

The all-new JT 8600 printable films and LF 8600 Laminating films from Mactac are an excellent choice when you are looking to create magic for your promotional prints. Meant for both, the outdoor and indoor applications and for flat or slightly curved surfaces, these versatile films offer both Mactac's remarkable value and performance.

These films deliver high impact print results on all major digital print platforms and are available in a wide selection of adhesive technologies including a bubble-free option for ease of application.

Advantages

- New product range for large printed displays on flat or slightly curved surfaces, allowing you to execute high-impact and creative designs.
- Choice of adhesives such as removable, permanent, and grey adhesive for over-posting applications.
- Exceptional printability on all major digital platforms: Solvent, Eco-solvent, Latex, and UV.
- JT 8600 is available in Bubble-Free adhesive option that eliminates wrinkles and bubbles making it easy to apply, reducing the overall application time.
- Backed with Mactac Warranty System to give you peace of mind

JT and LF 8600 Series
